

The Tri Lakes Cruiser's Car Club of Monument, Colorado recently presented two checks to Tri Lakes Cares from proceeds of the "Cruisers Car Show" and their project car for 2018. The first check of \$2,350 was given on behalf of club member Dick Cissell who has pancreatic cancer. The check represents excess donations given by local merchants and club members for the Club's 2018 project car. Dick has been a long time community member and supporter of all that Tri Lakes Cares does for the Tri Lakes area.

A second check for \$4,000 came from the proceeds of the 16<sup>th</sup> annual Cruiser's Car show that occurred in downtown Monument on August 7, 2018. As in the past all proceeds from the car show go to Tri Lakes Cares. It was an outstanding car show with over 180 classic cars on display. Our thanks and gratitude go out to all the local merchants and sponsors that allowed us to fill the streets of Monument with these beautiful cars. In addition over \$3,000 in gifts and prizes were awarded to participants along with 58 trophies.
